

Pilot Your Way to Success: Leadership Lessons from Flight Training

Terri Patterson
Hands & Voices HQ/FL3 Center
2023 Annual EHDl Conference
March 7, 2023

Flight Basics

- Flight Plan
- Synchronize your efforts
- Maintain your focus and frame of reference

Prepare for Take Off

- Understand the tools at your disposal
- Know the prevailing environmental conditions
- File a flight plan
- Use a pre-flight checklist
- Declare your intentions to the air traffic controller and other aircraft

All Systems Go

- **Steer with the right controls**
- **Ensure clear airspace**
- **Take off using full throttle**
- **Abort the takeoff when necessary**

In the Air

- **Select, and maintain focus on, your frame of reference.**
- **Respect the approved traffic pattern.**
- **Learn to manage multiple tasks.**
- **Be prepared for the unexpected.**

Arrival

- Know how to get where you're going.
- Learn how to land smoothly.
- **Flying is not a one-man show!**
- Get training!
